

NEWBURGH SEA CREATURES CHAMPIONS MADE HERE!

www.swimnsc.com

Thanks for your interest in our team!

Newburgh Sea Creatures is the premiere club in the Tri-State area. We have recently had 2 former swimmers compete at the 2008 Olympic Trials. Our team currently has age group swimmers ranked in the top 10 in the nation in their age group designation.

In the summer of 2009 we will be opening a new facility. Currently we swim in the "dungeon", a 6 lane 25 yard pool. When the new pool opens, we will boast 20+ lanes of 25 yards for training and 9 lanes of 50 meter competition-one of the only pools of this type south of Indianapolis.

We currently have limited space available. Some age group/ability level groups are unfortunately closed, but we do hold a waiting list for those interested. Our team fully supports high school swimming. We do not maintain a senior team, as they are all expected to swim high school.

Currently we have 9 coaches on staff. From senior level coaches to developmental coaches we have created an environment to allow each athlete the ability to follow their maximum potential.
